BLOSSOMS ALL SUMMER IN MAINE

I am delighted with my fifteen rose bushes 1 year size for \$1.00. They have been full of blossoms all summer and today I counted over fifty buds. A number of my friends are going to send for some in the spring.

MRS. E. C. H—, Ellsworth, Maine.

The roses I purchased of you this spring did splendidly. Every one bloomed, even the little ones of the collection of 15 for \$1.00.

Mrs. J. J. S—, Bellwood, Pa.

There are few gardens so filled that there is not room for a bed of ever-blooming C. & J. Roses, from which flowers can be picked all summer and until late in the fall. In this set of 15 roses of our selection, we send 12 vigorous bush Roses, sufficient for a bed 3 feet wide by 8 feet long, and 3 hardy climbing Roses for the back and two sides of an arbor or for climbing over a trellis, arch or porch. (A nice idea would be to make an arbor and have it facing towards the Rose bed.) When filling orders for these plants we are always careful to send varieties that we know from experience will give best results. Roses with a splendid root system, sturdy, healthy bushes so full of vitality and vigor that they start growing almost immediately when placed in their new homes. The bush or bedding Roses should bloom in from 6 weeks to 2 months after planting, but the climbers cannot be expected to bloom until next season. This set is sold under our guarantee of "sure bloom or money back," so order now and you will have lots of bloom this summer and your plants will be increasing in size and beauty for years to come.

Please remember it is not the guarantee which makes the Roses bloom—but it is the quality of our plants which enables us to make the guarantee.

Lantana is
very attractive

OFFER 202 { The 5 plants as in offer 201; 1 No. 8 Self-Watering Hanging Basket; 8 feet of chain; 4 hooks; 1 ring; 1 ceiling hook.
THE ABOVE COMPLETE FOR \$1.75 BY EXP.

Our illustration gives some idea of the charming Weeping Lantana when planted in baskets, vases or pots, for which it is particularly recommended; but it is, if possible, more beautiful still when bedded out as the plant is a neat, handsome grower, producing a great abundance of leafy vines, which cover the ground with their pretty foliage, and bear such an immense profusion of lovely, lilac-pink flowers, that the whole bed seems a sheet of bloom from early Summer till late Fall. Scarcely anything on our grounds attracts more attention than a bed of this charming Lantana. The flowers are borne in clusters, and hundreds of them are in bloom all the time. We make prices very low so as to meet the large popular demand for bedding, window boxes, vases, etc. Price 10c. each; 3 for 25c.; 7 for 50c.; 15 for \$1.00 postpaid.
